

# Range Overview

## TASKI® Vacuums

**Wet or dry, tub or upright, TASKI vacuums are built to address all your cleaning needs.**

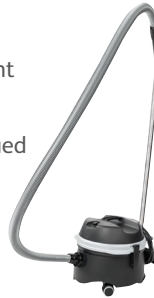

### TASKI AERO 8 and 15

**Highest efficiency with low noise emission made by TASKI**

The TASKI AERO 8/15 high-efficiency vacuum cleaner uses state-of-the-art technology and has a super-efficient motor. With the patented TASKI whisper technology, the vacuum cleaner works ultra-silently. What's more, replacement of parts such as cables and filters is simplified by clever design and can be carried out by the user in seconds without the need for any tools.

- Compact and robust TASKI design
- Sustainable high-efficiency concept
- Ultra-silent TASKI whisper technology
- Designed and tested according to operational best practice

### TASKI go

**The essence of simple design & function**

The new TASKI go tub vacuum cleaner offers a cost effective solution for daily vacuum cleaning. Through the proven technology and robust design the product is the perfect match for all vacuum cleaning applications. With the powerful, yet quiet motor reliable cleaning results are guaranteed.

- Great value for money
- Practical and robust design
- Powerful and silent performance
- Made with 75% recycled material

### TASKI jet 38 and 50

Twin motored upright vacuum with exceptional performance and durability. Brush speed control prevents motor overloading; available as 38cm (15") or 50cm (20") width models.

- Power and efficiency
- Versatility
- Improved air quality
- Simple handling and ergonomic operations
- Energy efficiency

### TASKI AERO BP / AERO BP Lithium

**The TASKI AERO BP back pack vacuums deliver best in class performance, lightness and user comfort.**

The AERO BP is ideal for stairs, lifts, and entrances. Low weight, low sound and slim profile combined with great suction and versatility.

The lithium battery model is perfect for areas where ultimate agility and freedom of movement is essential.

- Light, quiet and discreet
- Comfort and ergonomics
- Flexibility and autonomy
- Performance

## TASKI® Carpet Care

**TASKI carpet care machines remove dust, provide spot cleaning and revitalise carpet with interim or deep-down cleaning, quickly and easily.**

### TASKI aquamat 10.1

Deep cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent deep cleaning results, quick and effective spot cleaning
- Ease of transportation
- Complete range of accessories

### TASKI aquamat 20

Deep cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent deep cleaning results, all-round flexibility
- Ease of transportation
- Complete range of accessories

### TASKI procarpet 30 & 45

Two unique and innovative dual application carpet machines available in 30L (7.8 gal) or 45L (11.9 gal) sizes. Deep cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. The additional encapsulation function provides an intermediate method, in essence two machines in one. This increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent deep cleaning results
- Mechanical brush action
- High productivity
- Ease of operation

## TASKI® Wet Dry vacuums

Ideal for use with TASKI ergodiscs for all your heavy duty tasks

### TASKI vacumat 12, 22 and 22 T

12 L or 22 L electric wet/dry vacuum cleaner offers ultimate flexibility when used with an easy-to-attach dry vacuuming kit, making the machine truly multifunctional.

- Maximum flexibility
- True versatility
- Increased productivity
- Robustness and durability
- 22 T integrated trolley

### TASKI vacumat 44T

Large wet/dry vacuum cleaner that features a fixomat squeegee for efficient water pickup and streak-free drying results.

- Improved productivity
- Excellent suction performance
- Ergonomic operation
- Robustness and durability

## TASKI® Single Discs

TASKI single-disc machines are simply the best for ergonomics, cost-efficiency, productivity and high-cleaning performance.

### TASKI ergodisc HD

Ideal for heavy duty applications, such as floor stripping, marble crystallization or wood treatment.

- Effectiveness
- Robustness
- Ergonomics
- Simplicity

### TASKI ergodisc 165

The ergodisc 165 is especially suited for wet scrubbing, stripping, spray cleaning, shampooing and wood treatment.

- Ergonomics
- Safety
- Simplicity
- Versatility

### TASKI ergodisc 200

The ergodisc 200 low speed 43cm (17") single-disc machine offers quiet, comfortable cleaning and is adaptable to a variety of cleaning tasks.

- Ergonomics
- Safety
- Simplicity
- Versatility

### TASKI ergodisc 400

The ergodisc 400 43cm (17") is a multi-purpose, cost-efficient machine that is especially suited for spray cleaning and buffing.

- Ergonomics
- Safety
- Simplicity
- Versatility

### TASKI ergodisc duo

The twin speed ergodisc duo is especially suited for the following tasks: wet scrubbing, stripping, buffing, spray cleaning, shampooing, wood treatment, crystallisation and grinding.

- Ergonomics
- Safety
- Simplicity
- Versatility

### TASKI ergodisc omni

A multi-purpose system, the ergodisc omni offers high speed (900 rpm) with high pad pressure. These features, combined with specific chemicals and pads, can be used for deep cleaning and burnishing as well as daily maintenance.

- Versatility
- Ergonomics
- Safety

### TASKI ergodisc 1200

High-speed 50cm (20") disc machine burnishes hard floors quickly and efficiently, resulting in an even, high-gloss finish.

- High-speed machine (1,200 rpm)
- Especially suited for high-speed buffing and spray cleaning

### TASKI ergodisc 2000

Ultra high-speed 50cm (20") disc machine burnishes hard floors quickly and efficiently, resulting in an even, high-gloss finish.

- Ultra high-speed machine (2000 rpm)
- Especially suited for ultra high-speed buffing
- Passive vacuumation

# TASKI® Auto Scrubber Driers

From small, compact “walk behind” to large “ride-on” machines, TASKI auto scrubber driers provide an unparalleled level of performance across a range of applications.

## TASKI swingo 150 E

Ultra-compact 33cm (13”) upright auto scrubber drier features a lightweight, compact design perfect for easy, quick cleaning in confined areas.

- Simple and ergonomic operation
- Easy cleaning of confined areas
- Perfect cleaning results and dry floors
- Easy storage

## TASKI swingo 150 B Li-Ion

Small battery powered scrubber drier for flexible use

- Highest flexibility due to exchangeable Li-Ion battery
- Easy cleaning of confined areas
- Perfect cleaning results and immediately dry floors
- Easy storage

## TASKI swingo 350E/B/B Lithium

Ultra-compact 38cm (15”) auto scrubber drier is designed with a low machine profile and a handle that folds backwards for easy access under tables or racks.

- Accessibility of confined areas
- Cleaning and drying effectiveness
- Safety and simplicity
- Reliability and robustness

## TASKI swingo 455 B and 455 E

Walk-behind 34cm (17”) auto scrubber drier, the TASKI swingo 455 can be used in a wide variety of application areas. It is truly versatile for use in all types of small or congested hard floor areas such as retail stores, kitchens, schools, and hospitals.

- Versatility in application
- Excellent performance
- Safety and simplicity
- Reliability and robustness

## TASKI swingo 755 B and 755 E

Walk-behind 42cm (17”) auto scrubber drier offers maximum agility in confined areas with a dual-axle system that allows the machine to literally turn on the spot. Available as machine with (Power) or without (ECO) wheel drive.

- Agility and high performance
- Excellent cleaning and drying results
- Durability and robustness
- Simplicity and easy maintenance

## TASKI swingo 855 B

Walk-behind 50cm (20”) auto scrubber drier offers maximum agility in confined areas with a dual-axle system that allows the machine to literally turn on the spot.

- Agility and high performance
- Excellent cleaning and drying results
- Durability and robustness
- Simplicity and easy maintenance

## TASKI swingo 955 B

All the features of the TASKI swingo 855 now with the exceptional cleaning performance of the TASKI swingo 1255 twin brush head.

- Agility and high performance
- Lowest total cost of ownership
- Excellent cleaning and drying results
- Simple to use and easy maintenance

## TASKI swingo 1255 B

Walk-behind 55cm (22”) auto scrubber drier, ideally sized for performance, features offset brushes for superior cleaning along walls and under fixtures.

- Ideal size for best performance
- Excellent cleaning and drying results
- Simplicity and easy maintenance
- Durability and robustness

## TASKI swingo 1650 B and 1850 B

Large walk-behind 65cm (26”) and 74cm (32”) auto scrubber driers provide long run times and brushes that perfectly follow the floor profile for outstanding soil removal. Increased working autonomy.

- Excellent cleaning result
- Immediately dry floors
- Simplicity and ergonomic
- Easy maintenance

## TASKI swingo XP-M

Stand-on 30 inch auto scrubber drier with sensor steering combines excellent manoeuvrability with speed for faster cleaning and increased productivity.

- Greatly increased productivity
- Increased autonomy thanks to micro rotation technology
- Immediately dry floors
- Reduced water and energy consumption

## TASKI swingo XP-M IntelliSweep™

TASKI patented IntelliSweep™ pre-sweeping unit streamlines two processes into one. The new integrated pre-sweeping unit collects small and large debris and makes the separate pre-sweeping task obsolete.

- Up to 30% increase in productivity with a 2-1 process
- Huge productivity without compromising results
- Ultra compact & agile for challenging environments
- Perfect for any environment where pre-sweeping is critical

## TASKI swingo XP-R

75cm (30”) scrubber drier with sensor steering combines excellent manoeuvrability with speed for faster cleaning and increased productivity.

- Greatly increased productivity
- Round brushes for optimal cleaning performance
- Immediately dry floors
- Reduced water and energy consumption

## TASKI swingo 2100micro

Micro ride-on scrubber drier for congested mid. size areas 55cm (22”) working width.

- Enhanced productivity vs. similar machines
- Allows safe and ergonomic working in congested areas
- Ultra small foot print allowing pass through and easy transportation
- Best in class total cost of ownership

# TASKI® Auto Scrubber Driers cont.

## TASKI swingo 2500

Large ride-on, 70cm (28") auto scrubber drier offering easy handling even in narrow and congested areas, and an innovative squeegee system that quickly dries floors.

- Unbeatable cleaning performance
- Unique ergonomics
- Reliability and durability
- Unrivalled productivity

## TASKI swingo 4000 and 5000

Large 85cm (34") (TASKI swingo 4000) and 105cm (40") (TASKI swingo 5000) auto scrubber drier with large tank. Both machines belong to a new generation of scrubber driers that improve your total cost of ownership by high capacity and enhanced efficiency.

- Unmatched productivity
- Powerful cleaning and drying results
- Total reliability
- Intelligent solutions

## TASKI swingobot 2000

The TASKI swingobot 2000 28 in. (70 cm) auto scrubber is the next generation in TASKI Hands-Free Cleaning®. Representing an evolution in robotic auto scrubbers, this machine improves cleaning consistency and productivity and reduces cleaning costs, allowing for true multi-tasking capabilities.

- Sensors provide 360-degree views
- The patented IntelliFlow system
- No special training is required to operate the machine
- TASKI yellow touch points.
- Intelligent solutions allow the machine to communicate with the operator

Maximize your productivity and minimize your environmental footprint & cost by choosing for TASKI swingo Intelligent solutions.

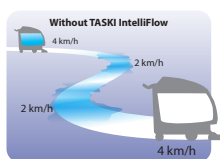

**IntelliFlow:**  
do not sacrifice  
precious time

**IntelliDose:**  
Up to 54.000 m<sup>2</sup>  
with one pouch

**IntelliTrail:**  
Knowing today,  
ready for tomorrow

Without TASKI IntelliFlow, solution is delivered unevenly. As the machine slows in turns, more solution is released per square metres, causing puddles, wasted supplies and more frequent tank refills.

TASKI machines with IntelliFlow use speed-dependent application technology to always deliver a consistent amount of solution per square metre, decreasing the number of tank refills and wasted water.

- Simple pouch change — acoustic warning signal indicates when pouch is empty
- Closed pouches for secure handling and no operator contact with chemicals
- 5 times less chemistry used, resulting in less storage space and 90% packaging material reduction

TASKI IntelliTrail is a web-based GPS machine tracking solution that enables locating, monitoring and managing of machine fleets.

- Provides total visibility of assets and monitors machine working time, negligent use, and sends notification when leaving a predefined area.
- Helps reduce total cost of cleaning and administration, provides a highly cost competitive, effective solution for fleet management.

You can simply purchase your chosen machine if you have an account with Diversey. You can even buy TASKI through our distributor partner network.

### Rental & Leasing

Diversey works with finance partners to bring you flexible finance options.

This enables you to:

- acquire the best machine suited to the task, not the current budget
- budget precisely for equipment with no nasty surprises
- acquire the latest equipment

For more details contact your local representative.

### TASKI Service Contracts

At Diversey, we understand that your machine is an important working tool which you cannot afford to be without. By taking out one of our service contracts, we will ensure your machine is kept in the best possible working condition.

### Support & Mobilisation

Benefit from the expertise of our TASKI specialists by having a installation session on your newly delivered machines. We also provide wallcharts as a quick reference guide, for ongoing site support.

### Innovation & Sustainability

From day one, DiverseyCare has delivered the most innovative and sustainable cleaning solutions in the industry, leading the world toward a cleaner, healthier future.

Once you have chosen your TASKI machine: why not consider a service contract to keep your asset in perfect running order? Let us make your acquisition simple and cost effective.

Diversey has been, and always will be, a pioneer and facilitator for life. We constantly deliver revolutionary cleaning and hygiene technologies that provide total confidence to our customers across all of our global sectors.

Diversey is headquartered in Fort Mill, SC, USA. For more information, visit [www.diversey.com](http://www.diversey.com) or follow us on social media.
